

Hello again '85,

To save more of you from having to email and help me promote Stu Munsch to a Four Star, consider that done and my apologies to Stu for this oversight (I will buy his first beer at McGarvey's)! Don't trust Wikipedia is the lesson here, Classmate Stuart Munsch is a FOUR STAR ADMIRAL!!

I needed to get some more reunion content out today, so this is a perfect segway into doing that. We still have a few golf slots available for Thursday's outing at the USNA Golf course, please email our Class VP, Steve Pimpo, ASAP at: [sjpimpo@comcast.net](mailto:sjpimpo@comcast.net) he will hook you up. He got some sweet looking golf balls made for participants, so worth it just to get some cool balls for your collection. The overstock hotel room is claimed, so glad we could save a classmate some money.

Let's talk Army/Navy! I know, this is much later in the season, but, never too early to plan for that game. Class of '85 is hosting a Decade of the 80's Pregame, Indoor tailgate at the Wico Street Beer Company in downtown Baltimore. This be an \$85 all you can and drink event going from 1130-1430, and for those not attending the game, the bar will convert to a watch party on their large projection screen and a cash bar. I am priming you now, because there is a limited number of slots and I will open up a 2 day early registration window for '85, then open it up for all the 80's classes to attend. It WILL be sold out and this IS the tailgate you want to be at if you are going to the game, or just want to watch it with classmates and enjoy some great scratch food washed down with fresh brewed beer/cider/sodas. Mark your calendars and I will have this registration up and running by September 1st.

Okay, that is it for now, please visit: <http://1985.usnaclassess.net> and stay tuned into all things reunion. Message me with questions and enjoy the return of Fall Football and Navy kicking butt again this year! Go Navy, Beat everyone!
